DATE MAILED:

Please find below and/or attached an Office communication concerning this application or proceeding.

Commissioner for Patents

Upon further review and consideration, the restriction requirements on 07/05/07 have been withdrawn, and claims 1-16 are allowable over the art of record. None of the prior art of record teaches the combined features of the first processor having the single counter configured as hardware implementation to execute instruction set corresponding to the variety of processes and the second processor to execute a portion or entirety of the same instruction set that first processor executes, having a plurality of program counters for executing the plurality of processes simultaneously so as to execute a part of instruction set corresponding to the specific process more efficiently than the first processor the separate and independent series of instructions executed by the second processor (claims 1, 9).
